From the President

Hello Members and Friends,

I hope everyone enjoyed John's presentation last month. It is great when one of our own members can share with us their knowledge of orchids. Thank you John.

I am happy to announce that the board has finalized the plans for the holiday party on Wed. Dec. 1 at Fort Lauderdale Country Club at 7 p.m. The cost is \$30.00 for members and \$65.00 for guests or non members. Your ticket will include 1 cocktail, wine or beer to enjoy with a cheese and fruit display and then a 4 course meal starting with soup, salad a choice of beef, chicken or fish and dessert. We will also have a singer piano player for your entertainment during and after dinner. Members will also receive a holiday orchid plant. Seating is limited so I advise you to reserve your ticket as soon as possible we will be on a first come first serve bases. I think everyone who attended last years party will agree we had a great time so don't miss out on this years.

Unfortunately, I will miss the Sept. meeting but I am looking forward to seeing you all again in Oct.

Pat Payette

WELCOME

To new member
Jennifer Reedy Prusinowski
Be sure and say Hi to Jennifer
at our next meeting!

CONGRATULATIONS TO OUR AUG. RIBBON WINNERS!

GREEN RIBBON WINNER

Epi Tampaense

RED RIBBON WINNERS

Catleya	Facelis X Lc Christopher Gulbon
Dendrobian	Ceaser X Candy Stripe

Rose Maytin
Mary Lee Tabeling

Michael and Sabrina Moore, grandchildren of Al and Jan Mink

August Program Presented by our own John Budree

John began his power point presentation on Paphiopediliums or slipper orchids by telling us that Paphs were one of the first orchids to be grown and bred. Modern day Paphs come in a wide variety of colors excepting blue from their spectrum.

These are terrestrial or semi terrestrial orchids normally growing on

pockets of humus. They are found mainly in the far east from Thailand to Malaysia. They will grow well in Florida and the preferred container for Paphs is a plastic pot since plastic will hold the moisture longer than clay. These plant should be planted in a mixture that will retain moisture since the plant does not like to dry out due to the fine hairs on the root system. John likes to use a mixture of Rexius fir bark, charcoal, Hydratone (which is an expanded clay used in hydroponics) and tree fern fiber. Paphs need to be place where they will receive good indirect light and plenty of air. He advises that Paphs be fed with diluted fertilizer. He likes Captan or Physan as a fungicide, and Cygon or Acephate as a systemic insecticide. He also uses Volck oil for a spray to kill insects but it must be used in the evening or early morning. Superthrive is a great vitamin for the plants. John uses 1 drop Superthrive to a gallon of water.

John's lovely wife Neesha, assisted him at the sale table

Our September Speaker, Dr. Rubin P. Sauleda

Dr. Ruben P. Sauleda began growing orchids at the age of 12. At the age of 16 he established Ruben In Orchids. Almost half a century later Ruben In Orchids is recognized internationally and is the oldest orchid business in Florida.

After graduating from Miami Senior High School, he attended Miami-Dade Junior College where he received an Associate of Arts. He was the first biology student in the first graduating class to receive a Bachelor of Science at Florida International University. He was then accepted to Florida Atlantic University where he received a Master of Science in biology working on the orchids of the Bahama Islands. During this time he was asked by Dr. Donovan S. Correll to collaborate on the Flora of the Bahamas by contributing the treatment of the orchids. After graduating from FAU, he was accepted to the University of South Florida, where he received his Ph.D. in Orchid Taxonomy. He has held positions as a Research Associate at Fairchild Tropical Gardens, Florida Atlantic University, the University of South Florida and several other research institutions. He has taught classes at Florida international University and Miami-Dade Junior College.

Dr. Sauleda has written several books on orchid culture and has written over a hundred articles in scientific journals. He was Chairman of Education for the 2008 World Orchid Conference in Miami. His was responsible for arranging all the lectures, overseeing all the photography and was the editor of the proceedings. His speciality is flasking and is presently the leader in reproducing Encyclia, Cattleya, Schomburgia and Tolumnia species and hybrids. Reuben will be bringing some of his beautiful plants to sell at our meeting. He can be contacted at Ruben in Orchids, at his new facility in the Redlands at 22585 S.W. 187th Ave (Redland Road) Goulds, FL 33170, 305-247-4144 e-mail: rubeninorchids@bellsouth.net, website: www.rubeninorchids.com

Dr. Ruben Sauleda and his wife Claudia

HOSPITALITY

Thanks to Stacy Russel - Lime pie, Rosemary Deming - Guava cheese cake, Helene Albee - cheese and crackers, Gayle Spinell-Gellers - Marble Cake, Lori Harris - Cherry Cola Soda, Rose and Patty Maytin - Spinach Pie, Sybil LeBlanc - Sugar cookies, and Linda Stewart - Choc. Chip Cookies for bringing your delicious goodies to the August meeting.

Remember, we always love the treats you bring but

PLEASE DON'T FORGET TO SIGN THE SHEET SO WE CAN THANK YOU IN OCTOBER.

Coffee and soda will be provided by the Society courtesy of Katie Reed.
